**Description of terrain, any hazards, scales and vertical contour intervals of the maps, a recent sample map showing the type of terrain**

**Stage 1 (25 March) Sprint, Mustafapaşa, Cappadocia**

**First start:** 13:00

The Cappadocia region in Turkey is very special, and orienteering among the special Cappadocia rock features will be extraordinary. All that is needed is an orienteering map – the work towards getting this remarkable terrain mapped has been started. This most detailed terrain around the villages can be mapped as a sprint map – giving some challenging orienteering.

**Map:** Scale 1/5.000-4.000, contours 2.5m/5m, map-size A3/A4

**Map Makers:** Ales Hejna, Jiri Danek, Jan Drbal (November 2010)

**Stage 2 (26 March) Middle Distance, Mustafapaşa, Cappadocia**

**First start:** 14:00

According to Czech mapper Aleš Hejna, who has recently been in Turkey evaluating the terrain and its suitability for orienteering, the terrain can best be described as a "stony forest". The stone features are sandstones, not unlike what you find in many interesting areas in Hejna's home country. However, the sand stone features in Cappadocia are often even more eye-catching than the Czech variants, due to them being located in non-forested areas and the more yellow color.

**Map:** Scale 1/7500-10000, contours 5 m, map-size A3/A4

**Map Makers:** Ales Hejna Jiri Danek, Jan Drbal (November 2010)

**Stage 3 (27 March) WRE Middle Distance, Göreme, Cappadocia**

**First start:** 10:00

The relief consists of a high plateau over 1000 meter in altitude, that is pierced by volcanic peaks. In this area, there are a lot of interesting sandstone formations, which are actually volcanic deposits. Many of the sandstone formations create labyrinths, rock cities and passages – making the terrain very suitable and interesting for orienteering. The volcanic deposits are soft rocks that the people of the villages at the heart of the Cappadocia Region carved out to form houses, churches and monasteries.

**Map:** Scale 1/10.000, contours 2,5-5m, map-size A3/A4

**Map Makers:** Ales Hejna, Jiri Danek, Jan Drbal (November 2010)

**Notes on Competition clothing** N/A

**Winning time** Middle distance : 25-35 min.  
Sprint : 12-15 min.

**Details of opportunities for training** Training camps will be tailor made taking into consideration requirements of National Team's/Club's. During the training camps held, SI systems could be available on demand.
